DIA INNOVATION SYMPOSIUM 2014

EMBRACING AGILITY IN A RAPIDLY CHANGING WORLD

JUNE 24-25, 2014 | DIA HEADQUARTERS

Committed to Excellence in Defense of the Nation

One Mission. One Team. One Agency.

Performers follow convention.
High performers break from it.

Turn possible into tangible. We question conventional ideas and bring strategic insight and delivery skills to help organizations frame their vision and achieve results. The kind you can measure. That's what we do to create value for federal organizations. That's high performance, delivered.
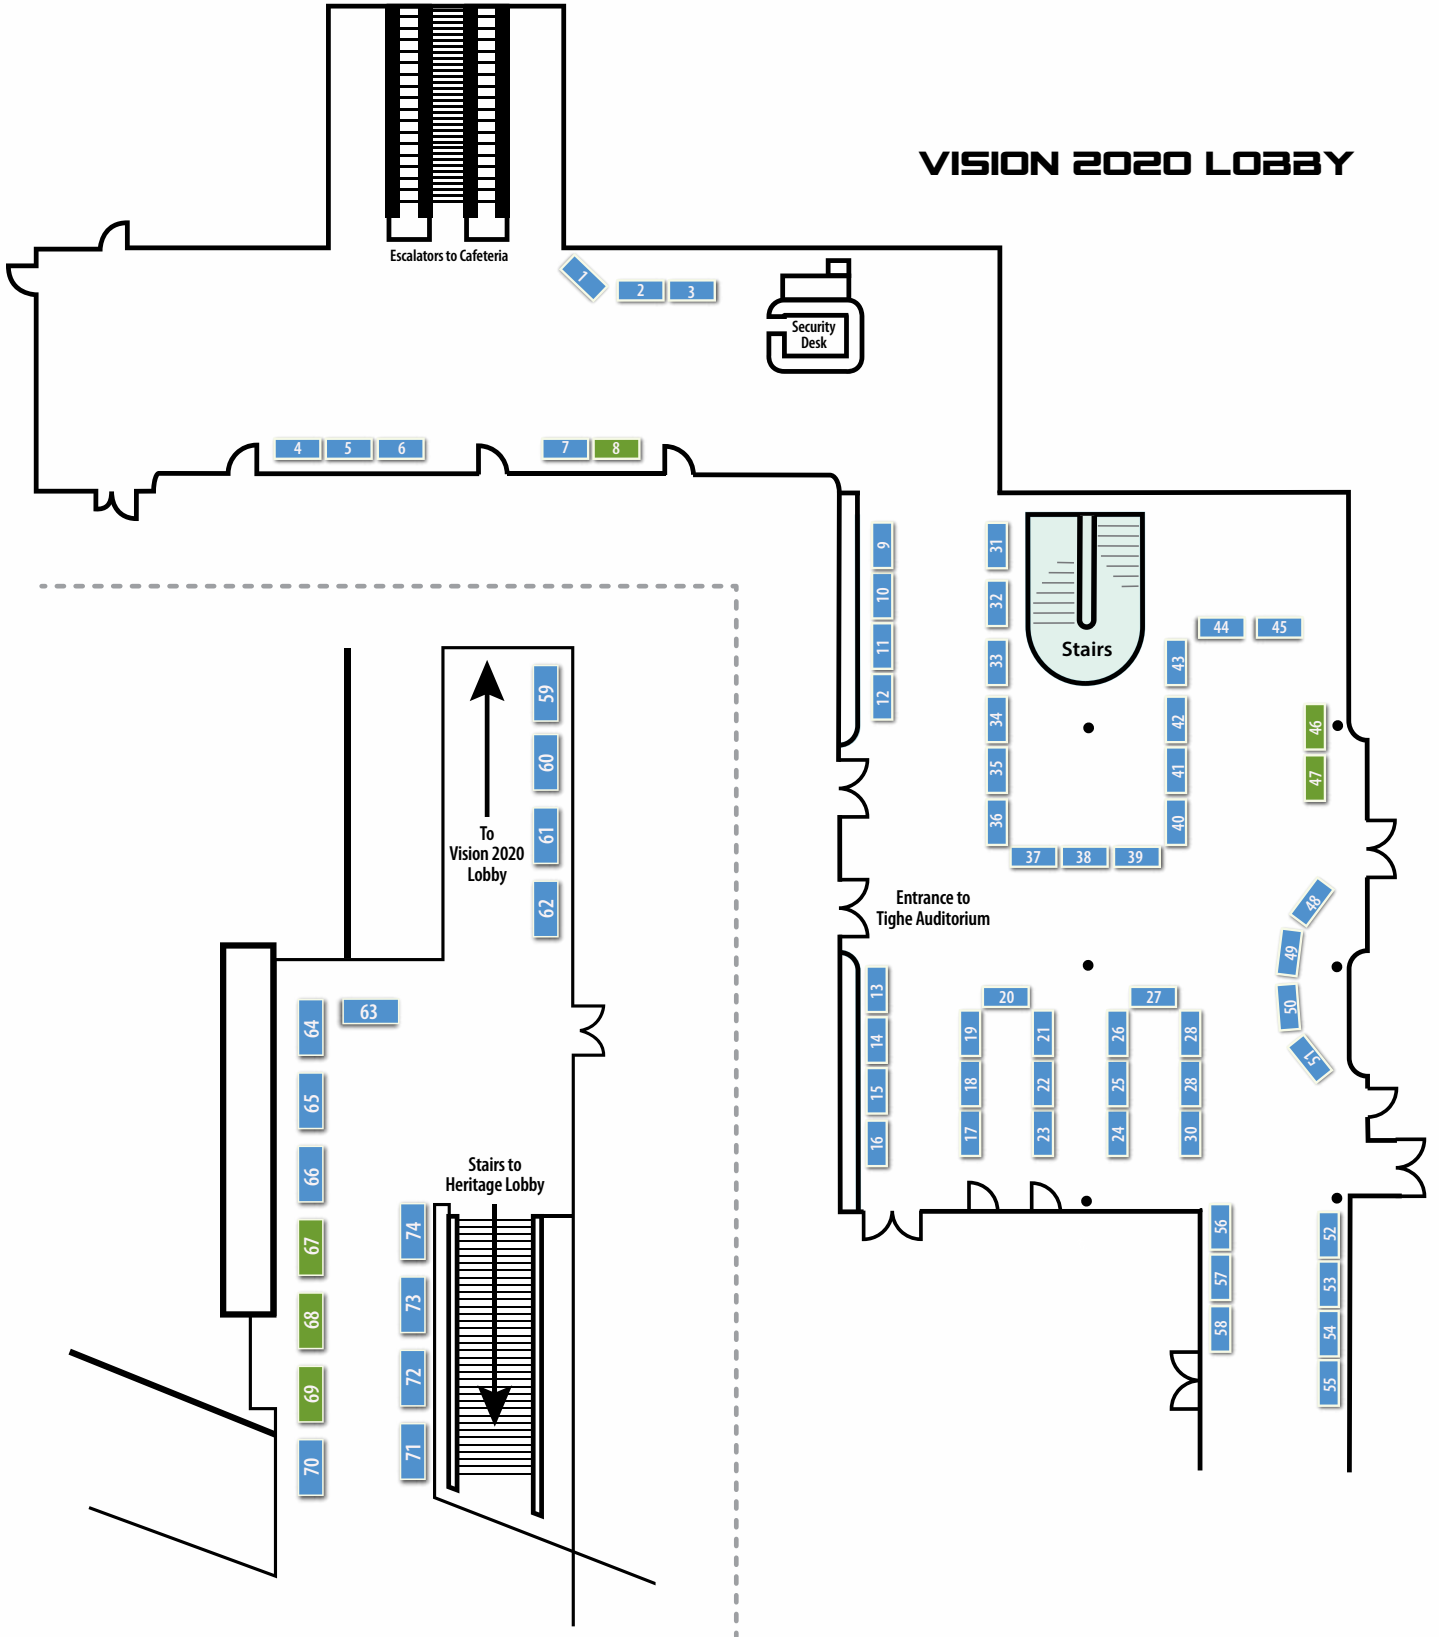

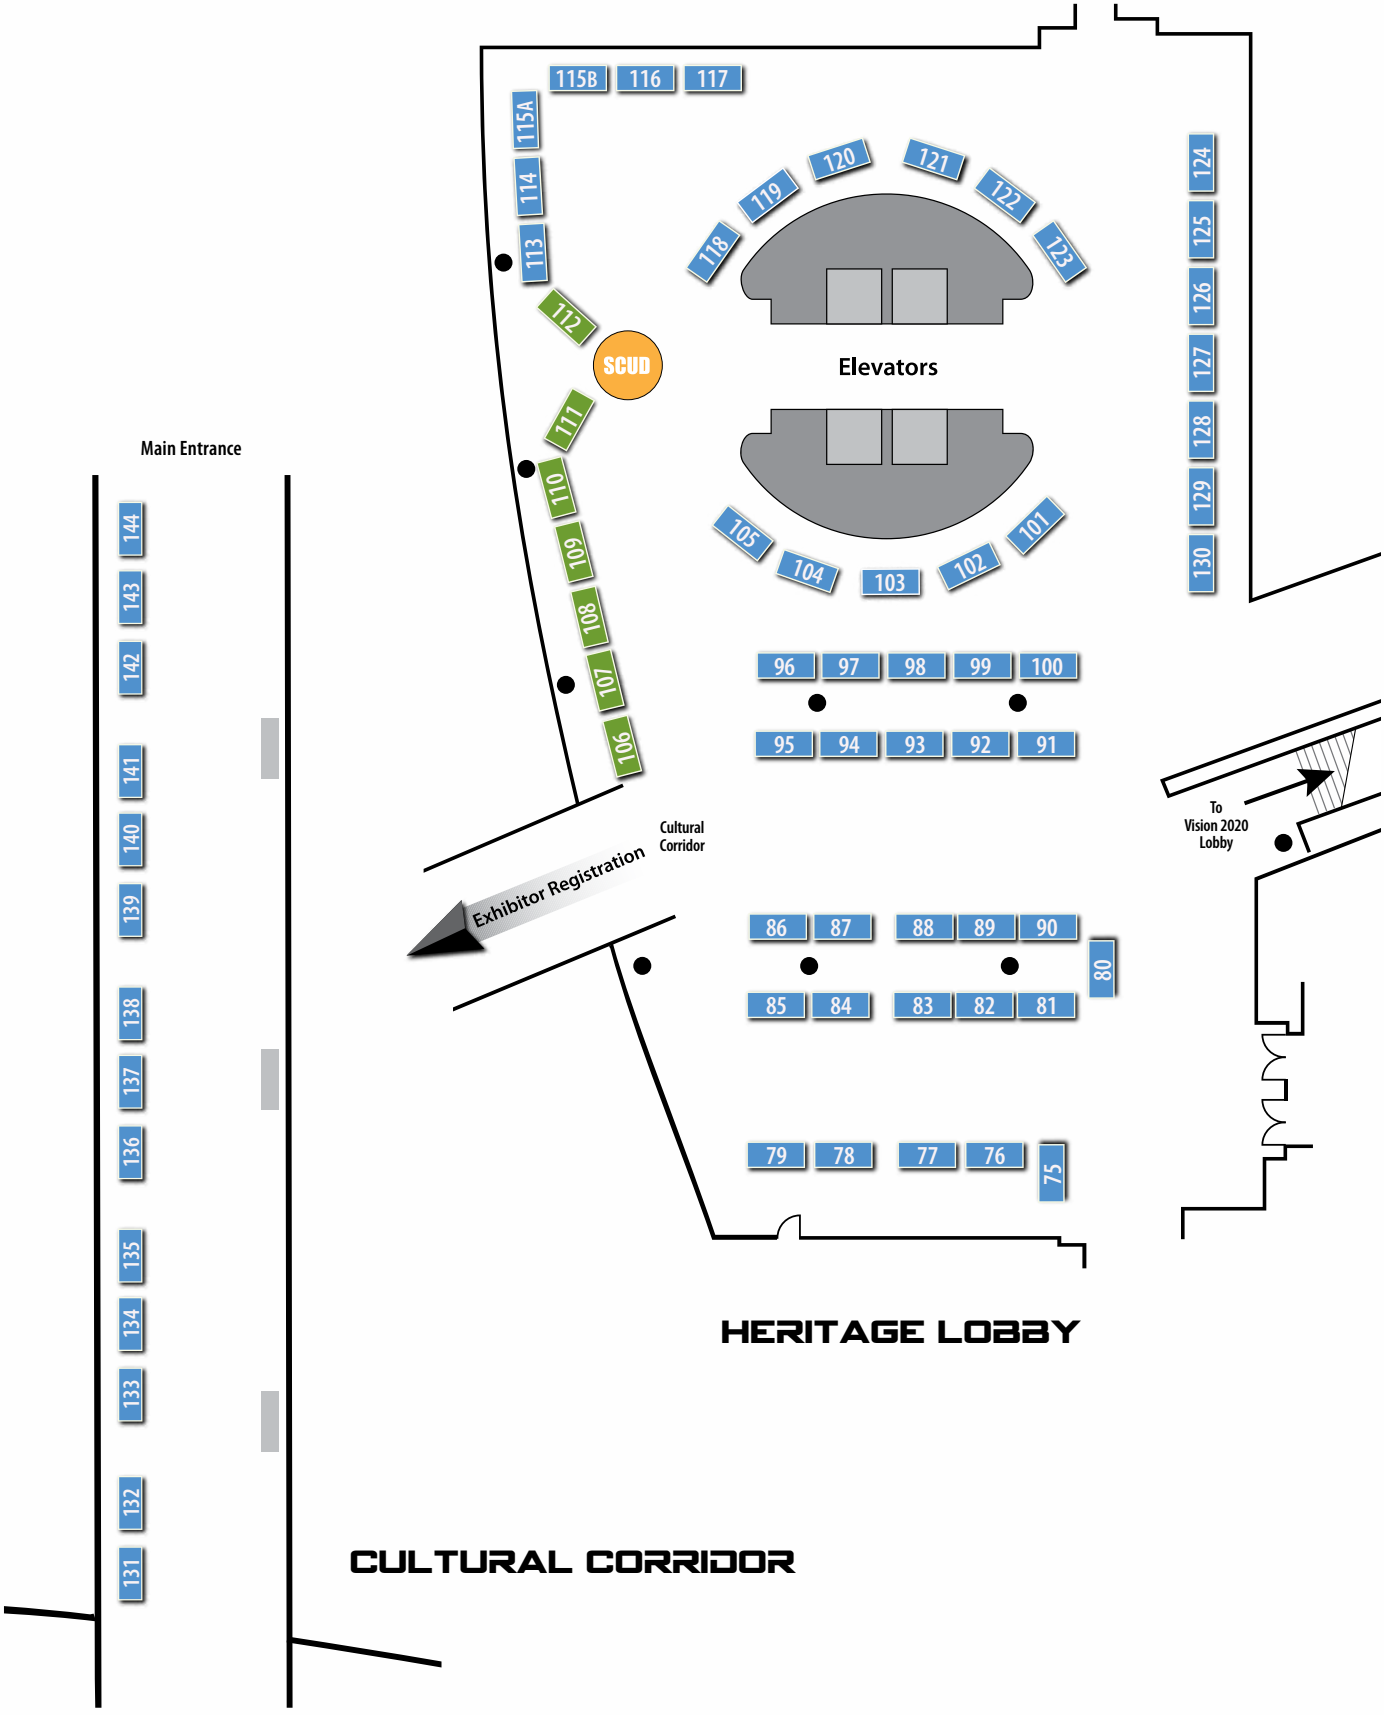

High performance. Delivered.

540.consulting, LLC

Table #140

3930 Rolling Hills Drive
Cumming, GA 30041
Greg Steffensen
202-642-1753
greg@540.co

540.consulting, LLC is a government contracting startup with expertise using machine learning techniques to enable non-engineers to perform data ingestion, tagging, and discovery tasks that would traditionally require substantial software development assistance.

ACERTAS Analytics

Table #46 (Tuesday)

570 Lexington Avenue
Suite 1001
New York, NY 10022
Mark Abdollahian
626-622-8328
maa@acertas-analytics.com

ACERTAS decodes complexity, using data and sophisticated models to solve high risk, mission critical human, social, cultural and behavioral challenges. We deliver next generation analytics – including SENTURION, used across DoD, the IC and USG – for decision makers and analysts alike to anticipate and shape political outcomes in advance.

Adobe Systems, Inc.

Table #102

7930 Jones Branch Drive
McLean, VA 22102
Julianna Acos
571-765-5440
julianna@adobe.com

With over 25 years of proven excellence and innovation, Adobe delivers the solutions you need to securely create, manage, and share mission-critical information in real-time, on any device.

Advanced Programs, Inc.

Table #130

7125 Riverwood Drive
Columbia, MD 21046
Larry Snyder
410-312-5800
lsnyder@advprograms.com

Advanced Programs, Inc., a small business manufacturer, is a recognized leader within the secure products and TEMPEST marketplace. With over 40 years experience in delivering certified security solutions, API offers the broadest range of innovative TEMPEST/Secure products as well as the largest industrial concentration of TEMPEST/EMI engineering and testing services.

Airbus

Table #115B

3801 East Plano Parkway
Suite 200
Plano, TX 75074
Robert Rhode
703-898-5415
robert.rhode@ndsatcominc.com

With three decades of experience, ND SatCom has become the premier supplier of innovative satellite communication equipment systems and solutions to support customers with critical operations anywhere in the world. Customers have chosen ND SatCom as a reliable source of comprehensive, efficient, fast, and secure turnkey and tailored system engineered communication solutions. The company's products and solutions are used in transnational networks in government, military, telecom, and broadcast environments.

Altamira Technologies Corporation

Tables #44 - 45

8201 Greensboro Drive
Suite 800
McLean, VA 22102
Jeff Kunkle
703-813-2100
jeff.kunkle@altamiracorp.com

Lumify is an open source big data analysis and visualization platform. It enables you to explore data, relationships, and patterns though a modern web interface.

AMD SeaMicro

Table #111 (Tuesday)

1 AMD Place
Sunnyvale, CA 94085
Chris Glidden
408-749-5055
chris.glidden@amd.com

AMD SeaMicro is transforming the data center by building servers that draw 1/4 the power and take 1/4 the space of traditional servers. SeaMicro servers are plug-and-play - they require no changes to software operating systems, applications, or management.

Apriva

Table #67 (Wednesday)

8501 North Scottsdale Road
Suite 110
Scottsdale, AZ 85253
Robert Nowak
301-606-2161
rnowak@apriva.com

Apriva will feature the Apriva Secure Mobility Gateway. This accredited system has been deployed by DISA for the benefit of approved CSfC devices within DoD.

Arista Networks

Table #19
5433 Great America Parkway
Santa Clara, CA 95054
Rich Whitney
703-627-6092
rw@arista.com

Arista Networks delivers software driven cloud networking solutions for large data center and high-performance computing environments. With more than two million cloud networking ports being deployed worldwide, Arista delivers a portfolio of 1/10/40 and 100GbE products that redefine network architectures, bring extensibility to networking, and dramatically change the price/performance of high speed Ethernet networks. At the core of Arista's platform is the Extensible Operating System (EOS™), a ground-breaking network operating system that is programmable, enables single-image consistency across hardware platforms, enables in-service upgrades and in conjunction with our technology partners provides application extensibility.

Armag Corporation

Table #63
300 Armag Avenue
Bardstown, KY 40004
Karlos Bruce
502-348-3987
karlosb@armagcorp.com

Industry leader Armag Corporation designs, engineers, and manufactures pre-fabricated facilities, shielded and unshielded, for securely discussing, handling, processing, and storing sensitive material. Our facilities are easy to install and relocate and can be guaranteed to be designed and built for accreditation.

AT&T Government Solutions

Table #132
7125 Columbia Gateway Drive
Columbia, MD 21046
James Freeman
703-342-9117
jf463d@att.com

AT&T Government Solutions provides cyber security, secure mobility, and cloud services.

Atalasoft, a Kofax Company

Table #10
116 Pleasant Street
Suite 321
Easthampton, MA 01027
Richard Goudey
413-642-4072
rick.goudey@atalasoft.com

Atalasoft, a Kofax Company, will display full-featured software developer tools to build applications that scan and view documents, process PDF and TIFF, add OCR, and barcode reading.

AtHoc, Inc.

Table #64
2988 Campus Drive
Suite 200
San Mateo, CA 94403
Jim Hickey
650-678-3436
jhickey@athoc.com

Over 75% of U.S. Military and Homeland Security personnel rely on AtHoc for interactive crisis communication. AtHoc received the Government Security News Homeland Security Award for Best Mass Notification System.

Attivio

Table #49
11951 Freedom Drive
13th Floor
Reston, VA 20190
Gary Schrader
703-251-4634
gschrader@attivioeagle.com

Attivio Active Intelligence Engine delivers big data insights in days or weeks, not months or years.

Aurora Flight Sciences

Table #74
9950 Wakeman Drive
Manassas, VA 20110
Carrie Haase
703-369-3633
chaase@aurora.aero

Aurora's 2 pound Skate SUAS merges the simplicity and endurance of a fixed wing platform with the maneuverability and mission utility of a VTOL asset.

AvePoint Public Sector, Inc.

Table #25
2111 Wilson Boulevard
Suite 210
Arlington, VA 22201
Christopher Gillyard
703-596-8058
christopher.gillyard@avepoint.com

AvePoint Public Sector, Inc. is an independent subsidiary of AvePoint, the leader in enterprise-class governance and infrastructure management solutions for Microsoft®SharePoint®. AvePoint Public Sector works extensively with the U.S. Armed Forces, Federal, civilian, and Intelligence agencies, and state and local governments to meet their mission-critical business objectives utilizing SharePoint.

Avocent

Table #128
4991 Corporate Drive
Huntsville, AL 35805
John Novak
410-552-1803
john.novak@emerson.com

Avocent, a business of Emerson Network Power, provides Data Center Infrastructure Management (DCIM) and secure desktop solutions. Avocent products provide IT and facilities asset management, as well as, secure multi-level desktop KVM solutions which maximize availability, capacity, and efficiency.

Ayon Cyber Security

Table #60
2350 Commerce Park Drive
Suite 1
Palm Bay, FL 32905
John Booher
321-953-3033 Ext. 267
jbooher@ayoncs.com

Ayon Cyber Security will display the TEMPEST Level 1 Clear Cube Zero Client along with a Clear Cube Blade PC. Additionally, ACS will present its TEMPEST Level 1 Card Reader of which over 10,000 have been delivered to the government.

BAE Systems, Inc.

Tables #86-87
11487 Sunset Hills Road
Reston, VA 20190
Jim Youker
571-299-8446
james.youker@baesystems.com

GXP Xplorer & SOCET GXP offer actionable GEOINT on the front lines, where gathering, processing and disseminating accurate data is critical to organizations and operational commands.

Basis Technology

Table #90
2553 Dulles View Drive
Suite 450
Herndon, VA 20171
Mike Veronis
617-386-7110
mveronis@basistech.com

Basis Technology provides multilingual text analytics, entity resolution solutions and digital forensics services to departments throughout the USG. Highlight, built by Basis Technology and sponsored by ODNI and DIA, is a Microsoft Office plug-in for analysts and linguists that automatically recognizes and transliterates names of foreign persons, matching IC standards.

Berico Technologies, LLC

Table #97
1501 Lee Highway
Suite 303
Arlington, VA 22209
Jeremy Glesner
703-390-9926
jglesner@bericotechnologies.com

Berico Technologies is showcasing Rivium4, an intuitive web-based data visualization, exploration, and collaboration application; information about DIA's Gateway project; and our role as lead integrator.

BMC Software, Inc.

Table #110 (Wednesday)
2101 City West Boulevard
Houston, TX 77042
Brent Leech
703-298-2450
brent_leech@bmc.com

BMC Software, Inc. helps leading companies around the world put technology at the forefront of business transformation; improving the delivery and consumption of digital services. From mainframe to cloud to mobile, BMC delivers innovative IT management solutions that have enabled more than 15k customers to leverage complex technology into extraordinary business performance-increasing their agility and exceeding anything they previously thought possible.

The Boeing Company

Table #96
12701 Fair Lakes Circle
Suite 800
Fairfax, VA 22033
Christian Nielsen
703-259-7332
christian.n.nielsen@boeing.com

Boeing's suite of TAC products provides a real-time decision advantage through the persistent querying of streaming and stored data to facilitate comprehensive situational awareness.

Booz Allen Hamilton

Tables #11-12
8283 Greensboro Drive
McLean, VA 22102
Jeffrey Dance
703-902-5000
dance_jeffrey@bah.com

Booz Allen Hamilton has been at the forefront of strategy and technology consulting for nearly a century. The firm provides services primarily to the U.S. government, and to major corporations, institutions, and not-for-profit organizations. Booz Allen offers clients deep functional knowledge spanning strategy, organization, engineering, operations, technology, and analytics.

Bottom Line Technologies, Inc.

Table #110 (Tuesday)
700 Corporate Center Court
Suite K
Westminster, MD 21157
Lisa Weaver
888-945-4691
lisa.weaver@bltinc.com

Bottom Line Technologies, Inc. (BLT) is a high-tech electronic product, engineering, and training organization serving both commercial and military/IC markets. BLT products: "COTS Technologies" PC-board through system-level solutions. BLT engineering: FPGA, PC-board through system-level design services. BLT training: Xilinx's exclusive FPGA training provider. BLT government services: serves our military/IC customers.

Boundless

Table #113
222 Broadway
21st Floor
New York, NY 10038
Brian Monheiser
314-398-4908
bmonheiser@boundlessgeo.com

Boundless provides Open Source geospatial tools and services for managing data and building applications. OpenGeo Suite, our flagship product, powers maps, and apps across the enterprise.

Brocade

Table #121
13241 Woodland Park Road
Suite 200
Herndon, VA 20171
Kevin Hayes
703-850-8963
khayes@brocade.com

Brocade® networking solutions help Federal agencies achieve their critical initiatives as they transition to a world where applications and information reside anywhere. For more information, visit www.brocade.com.

CA Technologies

Table #20
2291 Wood Oak Drive
Herndon, VA 20171
Colin Thomas
571-439-6554
colin.thomas@ca.com

CA Technologies provides IT management solutions that help customers manage and secure complex IT environments to support agile business services. Organizations of all sizes leverage CA Technologies software and SaaS solutions to accelerate innovation, transform infrastructure, and secure data and identities, from the data center to the cloud.

Calient Technologies

Table #83
27 Castilian Drive
Goleta, CA 93117
Glenn Stern
805-308-9911
gstern@calient.net

Calient Technologies is a U.S. based manufacturer of high performance and high port density pure physical level optical switching systems enabling fiber optic command and control automation, cyber security solutions, and next generation data center applications.

Carahsoft Adobe Solutions

Table #15
12369 Sunrise Valley Drive
Reston, VA 20191
Kathleen Kendall
703-871-8562
kathleen.kendall@carahsoft.com

Carahsoft Adobe Digital Government Solutions. Carahsoft and our reseller ecosystem are trusted Adobe solutions providers, helping government agencies optimize constituent-facing applications while automating back-end processes.

Carahsoft Intelligence and Innovative Solutions

Table #29
12369 Sunrise Valley Drive
Reston, VA 20191
Eric Pankau
703-230-7411
eric.pankau@carahsoft.com

As a government IT solutions provider, Carahsoft delivers industry-leading intelligence solutions to DoD, IC, civilian, and law enforcement agencies. The Carahsoft Innovative and Intelligence team is made up of advanced technology providers including several In-Q-Tel portfolio companies whose solutions have been vetted within the defense and Intelligence Communities.

CDW-G

Table #84

200 North Milwaukee Avenue
Vernon Hills, IL 60061
Casey Jones
703-470-2644
casejon@cdwg.com

CDW-G is a leading provider of IT solutions to Federal government agencies. Account managers and solution architects offer expertise designing customized solutions, while advanced technology engineers assist customers with implementation and long-term management of those solutions. Areas of focus include data center, networking, unified communications, security, and client computing solutions.

Ciena

Table #16

7035 Ridge Road
Hanover, MD 21076
Chad Breese
571-435-4739
cbreese@ciena.com

Ciena products and solutions form the foundation of many of the largest, most reliable, and sophisticated networks across the globe. Our leading network infrastructure, intelligent software, and comprehensive services help operators, enterprises, and governments exploit the full potential of their networks and fundamentally change the way they perform and compete.

Cisco Systems

Table #48

13635 Dulles Technology Drive
Herndon, VA 20171
Carrie Morgan
408-922-5518
carrmorg@cisco.com

Cisco is a leader in innovative technology that is transforming how government organizations better protect, serve, and educate their constituencies. Our secure cross-architecture approach enables leaders to rethink how they deliver and safeguard critical services and assets during unprecedented budgetary challenges, while increasing productivity, enhancing operational efficiencies and reducing costs.

Cloudera Government Solutions

Table #69 (Tuesday)

1001 Page Mill Road
Building 2
Palo Alto, CA 94304
Erin Hawley
703-408-3337
ehawley@clouderagovt.com

Cloudera offers enterprises one place to store, process, and analyze all their data; empowering them to extend the value of existing investments and derive value from their data.

CompTIA

Table #119

3500 Lacey Road
Suite 100
Downers Grove, IL 60515
Kevin McDonald
443-949-0275
kmcdonald@comptia.org

CompTIA is the voice of the world's Information Technology (IT) industry and is dedicated to advancing industry growth through its educational programs, market research, networking events, professional certifications, and public advocacy. CompTIA certifications ensure professionals have the knowledge and skills to perform in IT job roles, including network security.

Compunetix

Table #112 (Tuesday)

2420 Mosside Boulevard
Monroeville, PA 15146
Greg de Silva
412-858-1003
gdesilva@compunetix.com

Compunetix, a U.S. small business, provides mission-critical voice communications products for intelligence and military command and control applications. Compunetix systems enable access, control, and simultaneous monitoring of multiple red/black VoIP and/or TDM voice sources. New console enables integration of custom visual representations of the user's mission environment with voice assets.

Corporate Office Properties Trust (COPT)

Table #109 (Wednesday)

6711 Columbia Gateway Drive
Suite 300
Columbia, MD 21046
Patricia Xeller
443-285-5677
pat.xeller@copt.com

Corporate Office Properties Trust's data center solutions provides industry leading, green, and highly efficient data center solutions for wholesale and customized managed collocation for U.S. Government and Defense IT customers.

CounterTrade Products

Table #98
7585 West 66th Avenue
Arvada, CO 80003
Jean Giles
703-850-9331
jgiles@countertrade.com

CounterTrade Products is your NETCENTS-2 source for IT hardware and software. We offer a range of IT solutions with 1 million line items from over 2000 manufacturers. Partnering with Providea Conferencing, an SPS Company that is a leading global provider of video conferencing, collaboration and telepresence technology solutions.

Crestron Electronics, Inc.

Table #69 (Wednesday)
6990 Columbia Gateway Drive
Suite 120
Columbia, MD 21046
Gregory Fechner
410-910-0328
gfechner@crestron.com

The leading manufacturer of AV control and automation systems for over 40 years, supporting the government and military to provide integrated solutions including AV and environmental touchpanel room control, digital signal switching and distribution, HD multi-image display, and secure remote asset management for CCC, EOC, briefing rooms, and court rooms.

CSC

Table #70
3170 Fairview Park Drive
Falls Church, VA 22042
John Hedlund
703-659-5721
jhedlund@csc.com

CSC is developing the DoDIIS Application Engine (DAE) for DIA. The two major functions of DAE are creation of a consolidated data environment that will de-duplicate data, provide for federated query capability (single query across multiple data sources), and a standard way of receiving, tagging, enriching and managing data sources; and creation of a framework (Apps Engine) that standardizes a wide variety of common capabilities that each individual application would have to create on their own as stand-alone apps.

Cutting Edge CA

Table #24
3901 Centerview Drive
Suite F
Chantilly, VA 20151
Steve Bay
703-651-6213
sbay@cuttingedgeca.com

Cutting Edge Consulting Associates is a network engineering and cyber security firm that was founded in 2012 to provide leading edge, innovative, identity protected access to the Internet, secure communications, and protected hosting capabilities, and cyber threat mitigation capabilities. Our premier service is NetAbstraction, a patent pending cloud-based service that obscures and varies your network pathway, protecting your organization's identity, geo-location, and systems by implementing unique, software defined, secure virtual private networks within and across commercial clouds.

DAn Solutions, Inc.

Table #135
1521 Westbranch Drive
Suite 110
McLean, VA 22102
Larry An
310-309-0758
larry@dansolutions.com

DAn Solutions, Inc. will be demonstrating brand new applications that have the capability to provide real-time actionable intelligence for analysts to make quick critical decisions.

DataDirect Networks, Inc.

Table #88
9351 Deering Avenue
Chatsworth, CA 91311
Mike Hissa
818-700-7600
mikehissa@comcast.net

DataDirect Networks, the big data storage leader, delivers the world's fastest, most scalable solutions for capturing and converting data into actionable intelligence.

Decisive Analytics Corporation

Table #81
1400 Crystal Drive
Suite 400
Arlington, VA 22202
Neve McColgan
703-414-5001
neve.mccolgan@dac.us

Decisive Analytics Corporation's statistical and semantic analytics allow analysts to navigate large corpora of text, imagery, video, and audio by automatically organizing and extracting activities and relationships.

Dell, Inc.

Table #66
1 Dell Way
Round Rock, TX 78682
Scott Stevens
800-727-1100
scott_stevens@dell.com

As a trusted partner of government agencies, Dell understands your budgets, your complex security and compliance requirements, and your drive toward successful collaboration among agencies.

Dell Software

703-471-4302
gene_stromecki@dell.com

Dell Software makes it easy to securely manage and protect applications, systems, devices and data to help government agencies fully deliver on the promise of technology. Our simple yet powerful software-combined with Dell hardware and services -provide scalable, integrated solutions to drive value and accelerate results. For more information, visit www.dell.com/software.

Delmarva Engineering

Table #47 (Tuesday)
1321 Generals Highway
Suite 201
Crownsville, MD 21032
Steven Neubauer
410-990-9000
steve@delmarva-eng.com

Delmarva Engineering provides products and services to local, state and DoD agencies supporting communication and tactical systems. Products include portable 2G/3G/4G and LTE comms and test, antennas/antenna positioners, RF over fiber links, millimeter-wave components/subsystems, mil spec waveguide/cable assemblies, SIGINT systems, electronics concealments, satcom booster amps, HPA's, and tactical encryption.

Deloitte Development, LLP

Table #134
1919 North Lynn Street
Arlington, VA 22209
Julia Rutherford
617-875-3974
jrutherford@deloitte.com

Deloitte's extensive experience supporting the Intelligence Community allows our multidisciplinary teams to provide wide-ranging and informed services and solutions to help our clients in their efforts to address their complex needs from strategy to execution. Our services combined with our strategic relationships have enabled us to help agencies in their efforts to improve performance across all areas of their operations while reducing costs, maintaining accountability, and achieving mission objectives.

Digital Force Technologies

Table #143
9455 Waples Street
Suite 100
San Diego, CA 92121
Mike Morin
858-546-1244
mmorin@digitalforcetech.com

Digital Force Technologies, a Raytheon company, has provided rugged, remote, and unattended perimeter security, intrusion detection, and surveillance solutions to demanding military and government customers for over 14 years. Our products are scalable, customizable, and suitable for mobile, temporary, or fixed sites and made in the USA.

Digital Reasoning

Table #105
730 Coolsprings Boulevard
Franklin, TN 37067
Rita Joseph
703-678-2442
rita.joseph@digitalreasoning.com

Digital Reasoning's award-winning machine learning platform, Synthesys, identifies threats, risks and opportunities by transforming information into a private knowledge graph. For more information, visit www.digitalreasoning.com.

DLT Solutions, LLC

Table #107 (Tuesday)
13861 Sunrise Valley Drive
Suite 400
Herndon, VA 20171
Caitlin Hoebeke
703-773-9294
caitlin.hoebeke@dlt.com

DLT Solutions, LLC has been dedicated to solving public sector IT challenges through strategic partnership with top IT companies. As the IT landscape evolves, DLT Solutions continues to develop best-fit solutions to meet government mandated requirements and initiatives in areas such as cloud computing, cybersecurity, and consolidation.

Dun & Bradstreet

Table #137
4350 North Fairfax Drive
Suite 600
Arlington, VA 22203
Joe Honaker
703-626-0785
honakerj@dnb.com

Dun & Bradstreet helps the Intelligence Community transform disparate sources of business data into actionable intelligence and insight to accelerate analysis and exploitation.

Esri

Table #129

380 New York Street
Redlands, CA 92373
Kristin Frith
909-793-2853 Ext. 2771
wcreighton@esri.com

Esri® creates GIS software tools and methodologies that enable organizations to effectively analyze and manage their geographic information and make better decisions.

ESVA, Inc.

Table #30

12369 Sunrise Valley Drive
Reston, VA 20191
Joe Tabatabaian
703-673-9015
joe.tabatabaian@esvainc.com

ESVA, an IBM partner, provides a range of solutions to meet mission-critical requirements to the public sector. Our security portfolio delivers a unified approach to enterprise security that manages a vast number of key functions, all with a foundation in world-renowned research and development to reduce the risk of today's advanced threats.

Exelis

Table #99

4990 Pearl East Circle
Boulder, CO 80301
Tom Jones
571-203-7345
tom.jones@exelisvis.com

Exelis provides desktop and cloud software solutions to help government organizations worldwide transform geospatial imagery and complex data into actionable information. Our services and products – Jagwire, ENVI, and IDL – are used to quickly discover, analyze, and disseminate all types of GEOINT data, imagery, and FMV for more informed decision making.

Extron Electronics

Table #142

1230 South Lewis Street
Anaheim, CA 92805
Karl Rosenberg
714-491-1500
krosenberg@extron.com

Extron Electronics is a manufacturer of AV system integration products including control systems, fiber equipment, videowall processors, and streaming products.

Feith Systems and Software, Inc.

Table #79
425 Maryland Drive
Fort Washington, PA 19034
Franklin Magin
215-646-8000 Ext. 449
frank@feith.com

Feith Systems and Software, Inc. creates class-leading business process management, records management, and enterprise content management solutions, including the comprehensive BridgeLogiQ BPM suite. Developing solutions for a wide array of companies worldwide, Feith's cutting-edge technologies provide streamlined, comprehensive solutions to the most challenging processes.

FireEye, Inc.

Table #17
12011 Sunset Hills Road
Suite 400
Reston, VA 20190
Ben Carroll
703-871-8613
ben.carroll@carahsoft.com

FireEye® has invented a purpose-built, virtual machine-based security platform that provides real-time threat protection against the next generation of cyber attacks. The FireEye Threat Prevention Platform provides real-time, dynamic threat protection without the use of signatures to protect an organization across the primary threat vectors and across the different stages of an attack life cycle.

FireMon

Table #123
8400 West 110th Street
Overland Park, KS 66210
Al Nieves
913-333-3212
al.nieves@firemon.com

FireMon's proactive security intelligence solutions enable IT security teams to be proactive - and detect gaps in defenses before adversaries can leverage.

Fluke Networks

Table #4
6920 Seaway Boulevard
Everett, WA 98203
Ken Short
571-420-3017
kenneth.short@flukenetworks.com

Leading provider of integrated and proactive end-to-end visibility and intelligence with protection, performance, test tools, and service delivery solutions for governments, enterprises, and service providers.

Front Porch Digital

Table #76
2650 Crescent Drive
Suite 201
Lafayette, CO 80026
Angela Cash
301-706-5807
acash@fpdigital.com

Front Porch Digital's DIVA software provides a storage virtualization layer that allows customer to build storage hierarchies within a facility and across facilities.

Geist Manufacturing

Table #68 (Tuesday)
502 Forest Lane
Towson, MD 21286
Timothy Lollar
410-802-2223
tlollar@geistglobal.com

Geist develops industry leading technology and software for the four cornerstones of datacenter management: Power. Cool. Monitor. Manage. For more information, visit www.geistglobal.com.

General Dynamics C4 Systems

Table #114

Needham, MA 02494
Marcie Bilinski
781-455-3750
marcie.bilinski@gdc4s.com

"Secure Communications - Anytime, Anywhere." Please visit us for a 'live' demonstration of the TACLANE®-MultiBook, the only "all in one" solution for mobile classified computing. In addition, the new TACLANE-1G and TACLANE-10G next generation cyber-defense capable network encryptors, and Sectéra® vIPer™ Universal secure desktop phone will also be demonstrated.

General Dynamics Information Technology

Table #34
13857 McLearen Road
Herndon, VA 20171
John Angevine
703-268-7216
john.angevine@gdit.com

General Dynamics Information Technology, a trusted systems integrator, is providing a non-cooperative facial recognition solution, integrating social media intelligence and geo-data across multiple platforms for warfighters, the Intelligence Community, and coalition partners.

Globalscape

Table #23
4500 Lockhill-Selma
Suite 150
San Antonio, TX 78249
Daniel Burke
614-949-9844
dburke@globalscape.com

Globalscape ensures the reliability of mission-critical operations by securing sensitive data and intellectual property. Our award-winning solutions deliver military-grade security and customizable for achieving best-in-class control and visibility of data in motion/rest, across multiple locations. Globalscape is an expert in managed file transfer solutions servicing thousands of businesses worldwide.

Good Technology Corporation

Table #27
430 North Mary Avenue
Suite 200
Sunnyvale, CA 94085
Tom Lacey
703-932-4526
tlacey@good.com

Good Technology is the leader in secure mobility. The secure mobility solution for public sector helps improve agency productivity through comprehensive mobile workflows across multiple devices while protecting highly confidential information and respecting public services employees' privacy. More than 5,000 organizations use Good Technology solutions, including FORTUNE 100™ leaders in healthcare, government, aerospace, and defense.

GovSmart, Inc.

Table #115A
120B Summit Street
Charlottesville, VA 22903
Brent Lillard
434-326-0660
brent@govsmart.com

GovSmart is an 8(a) and HUBZone Certified small disadvantaged business that provides IT products and services to the Federal Government and its prime contractors.

Hitachi Data Systems

Table #122
2845 Lafayette Street
Santa Clara, CA 95050
Derek Rose
408-970-1000
derek.rose@hdsfed.com

Hitachi Data Systems Federal Corporation is established as a wholly owned subsidiary of Hitachi Data Systems focused on serving the IT needs of the U.S. Federal Government.

HP - EG AMS Federal

Table #2
2417 Shade Oak Court
Waldorf, MD 20601
David Mulloy
301-752-0653
david.mulloy@hp.com

HP creates new possibilities for technology to have a meaningful impact on people, businesses, governments, and society. As the world's largest technology company, HP brings together a portfolio that spans printing, personal computing, software, services, and IT infrastructure to solve customer problems.

HP - Enterprise Security Products

Table #1
12573 Cricket Lane
Woodbridge, VA 22192
John Farrell
703-622-9025
jmfarrell@hp.com

HP is a leading provider of security intelligence and compliance solutions for organization that want to mitigate risk and defend against today's most advanced threats. Based on market-leading products from ArcSight, Atalla, Fortify, and TippingPoint, HP Enterprise Security Products enables organizations to take a proactive approach to security, integrating information correlation, application analysis, and network-level defense.

HP - Printing & Personal Systems, Advanced Programs

Table #3
2103 Bell Tower Drive
Crownsville, MD 21032
David Aumiller
443-302-4009
david.aumiller@hp.com

As the world's largest technology company, HP brings together a portfolio of secure, reliable and cost-effective technologies that spans printing, personal computing, software, services, and IT infrastructure. HP has a dedicated team of IT specialists to help DIA meet their goals.

HumanGeo

Table #111 (Wednesday)
4350 North Fairfax Drive
Suite 950
Arlington, VA 22230
Derek Woodley
434-227-6725
derek@thehumangeo.com

HumanGeo is a unique technology company with a focus on Data, Services and Products positioned at the intersection of Big Data applications, social media analytics, and geospatial visualization. Our mission is to pioneer innovative technology and data solutions that reduce risk and enhance the quality and speed of decision making.

HyTrust

Table #26

1975 El Camino Real
Suite 203
Mountain View, CA 94040
Zack Zimmerman
301-848-0134
zzimmerman@hytrust.com

HyTrust is the Cloud Security Automation company. Its virtual appliances provide the essential foundation for cloud control, visibility, data security, management and compliance. HyTrust mitigates the risk of breach or catastrophic failure— especially in light of the concentration of risk that occurs within virtualization and cloud environments.

IBM

Tables #50-51

711 Atlantic Avenue
6th Floor
Boston, MA 02111
Charles Robinson
301-803-2105
cwrobins@us.ibm.com

To succeed in today's fiscal environment, your IT infrastructure must be flexible, scalable, and efficient. Security, virtualization, software defined environments, cloud, and virtual desktop are technologies from IBM that can be seamlessly plugged into your current environment, regardless of your current infrastructure. IBM will enable you to do more with less!

IEEE Xplore Digital Library

Table #108 (Wednesday)

445 Hoes Lane
Piscataway, NJ 08854
Michael Petro
800-701-4333 Ext. 3992
m.petro@ieee.org

The IEEE Xplore® digital library is your gateway to trusted research journals, conferences, standards, ebooks, and educational courses with nearly 4 million full-text articles and more than 350 online educational courses to help you fuel imagination, build from previous research, and inspire new ideas. With powerful search tools to help you find only the most relevant research, IEEE Xplore® delivers the information your company needs.

Intergraph Government Solutions

Table #136

1881 Campus Commons Drive
Suite 410
Reston, VA 20191
Jeffrey Van de Vaarst
703-342-2172
jeff.vandevaarst@intergraph.com

From activity-based intelligence workflows with ERDAS IMAGINE® and ERDAS APOLLO to real-time mission critical data on-demand, we can make your organization more effective and efficient.

IronBrick

Table #107 (Wednesday)

8405 Greensboro Drive
Suite 140
McLean, VA 22102
Jennifer Steele
703-752-8665
jennifer.steele@ironbrick.com

Headquartered in Northern Virginia and Certified Small Business, IronBrick is a technology services and solution provider to corporate enterprises, U.S. Federal, intelligence, defense, and civilian agencies. Our core competencies and service offerings span five practice areas of IT strategy, cloud/X-as-a-service, converged infrastructure, big data applications, and end user computing. Our goal is simple, we seek to reduce the cost, risk, and effort of managing information.

Kapow Software

Table #22

260 Sheridan Avenue
Suite 420
Palo Alto, CA 94306
John Saling
571-379-2487
jsaling@kapowsoftware.com

Kapow Software, a Kofax company, is a leading innovator in the big data integration market. Kapow delivers an agile enterprise data integration platform that eliminates the need to manually develop complex APIs, enabling rapid delivery of application data.

KGS

Table #58

2750 Prosperity Avenue
Suite 300
Fairfax, VA 22031
Christina Witwer
703-245-7367
cwitwer@kforcegov.com

KGS COP Solutions provide an out-of-the-box, yet easily customizable, solution to merge and compare data from disparate sources, baseline existing infrastructure, identify capability "gaps", highlight data anomalies within the enterprise, provide situational awareness, assess emerging technologies, and facilitate the adoption of enabling information management technologies that span critical areas.

Klas Telecom

Table #67 (Tuesday)

12100 Sunset Hills Road
Suite LL-1
Reston, VA 20190-3233
Toby Stidham
571-228-5107
toby.stidham@klastelecomservices.com

Klas Telecom is a recognized leader in providing rugged, mobile connectivity equipment to the U.S. Department of Defense. The Klas Pioneer Express (GRRIP, AN/PSC-15) and Voyager scalable baseband system provide users with remote access to secure resources from anywhere in the world.

L-3

Table #120

11955 Freedom Drive
Reston, VA 20190
Ron Pieper
703-434-4435
ron.pieper@l-3com.com

L-3 is a leading provider of cybersecurity, intelligence, and enterprise IT solutions for the U.S. Department of Defense, Intelligence agencies, and international customers.

L-3 Communications Systems-East

Table #109 (Tuesday)

1 Federal Street
Camden, NJ 08103
Deanna Burke
856-338-3437
deanna.burke@l-3com.com

L-3 Communication Systems-East designs, develops, and manufactures secure Type 1 information assurance products to include RedEagle™ and Talon®, In-line network encryptors.

LexisNexis

Table #71

1150 18th Street NW
Suite 600
Washington, DC 20036
Adam Dietz
202-857-8207
adam.dietz@lexisnexis.com

LexisNexis® is a leading global provider of content and content-enabled workflow solutions designed specifically for Intelligence professionals. LexisNexis complements your internal data with thousands of news, business, legal, public records, and patent sources; allowing you to capitalize on your big data technology investment and capacity to hold enormous amounts of data to see past the partial picture that traditional data sources reveal.

Lockheed Martin Corporation

Table #55

230 East Mall Boulevard
King of Prussia, PA 19406
Emma Eisenman
610-354-1471
emma.eisenman@lmco.com

Headquartered in Bethesda, MD, Lockheed Martin is a global security and aerospace company that employs approximately 115,000 people worldwide and is principally engaged in the research, design, development, manufacture, integration, and sustainment of advanced technology systems, products and services. The corporation's net sales for 2013 were $45.4 billion.

MapR Technologies

Table #7

2860 Zanker Road
San Jose, CA 95134
James Hawley
443-280-0453
jhawley@maprtech.com

MapR delivers on the promise of Hadoop with a proven, enterprise-grade big data platform that supports a broad set of mission-critical and real-time production uses.

MarkLogic Corporation

Table #47 (Wednesday)

999 Skyway Road
Suite 200
San Carlos, CA 94070
Scott Stafford
703-273-2347
scott.stafford@marklogic.com

For more than a decade, MarkLogic has delivered a powerful, agile, and trusted Enterprise NoSQL database platform that enables organizations to turn all data into valuable and actionable information. Organizations around the world rely on MarkLogic's enterprise-grade technology to power the new generation of information applications.

McAfee, Inc.

Table #59

11911 Freedom Drive
Suite 210
Reston, VA 20190
Tim Morgan
301-332-6138
tim_morgan@mcafee.com

McAfee, a wholly owned subsidiary of Intel Corporation, is the world's largest dedicated security technology company. We are focused on finding new ways to keep our customers safe.

MDA Information Systems, LLC

Table #54

820 West Diamond Avenue
Suite 300
Gaithersburg, MD 20878
Sarah Smyth
240-833-8200
sarah.smyth@mdaus.com

MDA's OASIS (Open and All-Source Intelligence Solutions) combines multiple geospatially enabled data sets to provide activity based intelligence to meet your mission.

MicroStrategy, Inc.

Table #108 (Tuesday)
1850 Towers Crescent Plaza
Tysons Corner, VA 22182
Scott Broudy
571-296-7194
sbroudy@microstrategy.com

Public sector organizations use MicroStrategy's Business Intelligence software to achieve operational efficiencies, optimize financial performance, and improve security through enhanced anomaly detection. Nine of the top fifteen U.S. Federal Government cabinet-level departments and numerous other agencies, administrations, commissions, and services rely on the MicroStrategy BI platform. We'll be highlighting Enterprise Analytics, Mobility and Usher.

NASA SEWP

Table #141
10210 Greenbelt Road
Suite 200
Lanham, MD 20706
301-286-1478
help@sewp.nasa.gov

NASA SEWP is a Government-Wide Acquisition Contract that provides the latest IT product solutions to all federal agencies. With world class customer service and the ability to add new products daily, SEWP has been helping agencies get access to the technology they need for over 20 years.

NetApp

Table #6
PO Box 61659
Sunnyvale, CA 94088
Erin Taylor
408-822-6000
erin.taylor@netapp.com

NetApp creates innovative storage systems and software that help customers around the world store, manage, protect, and retain one of their most precious assets: their data.

NetIQ

Table #126
8609 Westwood Center Drive
Suite 700
Vienna, VA 22182
Shannon Silverstein
703-498-0899
shannon.silverstein@netiq.com

NetIQ is a global enterprise software company that meets the demands of hybrid IT with solutions for identity and access, security, and data center management. For more information, visit www.netiq.com/federal.

NetScout Systems

Table #100
310 Littleton Road
Westford, MA 01886
Amy Dion
978-614-4136
amy.dion@netscout.com

NetScout simplifies managing the user experience for UC services with real-time visibility into the end-to-end performance, availability and quality of data, voice, and video services. For more information: www.netscout.com

The Newberry Group, Inc.

Table #131
2510 South Old Highway 94
Suite 200
St. Charles, MO 63303
Edward Arter
443-979-0288
earter@thenewberrygroup.com

The Newberry Group, a LogRhythm partner, delivers products and services around LogRhythm's Security Intelligence Platform which includes Next Generation SIEM and Log Management solutions.

Nimble Storage

Table #18
211 River Oaks Parkway
San Jose, CA 95134
Todd Roti
703-220-8227
troti@nimblestorage.com

Nimble Storage thinks enterprises shouldn't compromise on performance, capacity, ease of use, or price. So they developed the first storage architecture designed from the ground up to seamlessly integrate SSDs with high-capacity disks, all to give you unparalleled performance and capacity efficiency, easier backups and DR, and stress-free operations.

Norseman Defense Technologies, Inc.

Table #4
8172 Lark Brown Road
Suite 201
Elkridge, MD 21075
Alexis Spadaro
410-579-8600 Ext. 214
aspadaro@norseman.com

Norseman Defense Technologies, Inc. is an information technology solutions integrator/consultant based in Elkridge, MD. As a small business, Norseman has 20 years of experience in delivering value to Federal Government entities by providing best-in-breed IT hardware, software, and data center solutions with a focus on exceeding expectations.

Novetta Solutions

Table #125
1300 Spring Street
Suite 320
Silver Spring, MD 20910
Brooke Reichel
571-282-3000
breichel@novetta.com

Novetta Solutions is an innovative provider of network defense, network operations, and cloud computing solutions and services.

NovoDynamics, Inc.

Table #127
220 East Huron
7th Floor
Ann Arbor, MI 48104
Steve Cole
734-205-9128
scole@novodynamics.com

NovoDynamics will display its suite of capture solutions: NovoVerus, for global language OCR; NovoImage+, for image enhancement; NovoDocufier, for document classification and data extraction.

Nutanix, Inc.

Table #28
1740 Technology Drive
Suite 400
San Jose, CA 95134
Kerri Mae Mitchell
240-393-6344
kerrimae@nutanix.com

Nutanix provides datacenter infrastructure solutions that are hyper-efficient, massively scalable and elegantly simple. The award-winning Nutanix Virtual Computing Platform has disrupted the market by seamlessly and natively converging compute and storage in a single appliance.

Oculus Federal Corporation

Table #80
1655 North Fort Myer Drive
Suite 700
Arlington, VA 22209
Bill Wright
703-351-5253 Ext. 227
bwright@oculusinfo.com

Oculus does research, design, and development of innovative visual analytics systems for analysis and decision-making in complex information environments. Solutions include GeoTime® for analysis of thousands of events in time and space, Oculus nSpace® for triaging massive data and sense-making, and Aperture JS™ an open source Javascript visualization library compatible with OWF.

Oracle America, Inc.

Table #93
1910 Oracle Way
Reston, VA 20190
Mike Perez
800-633-0738
mike.perez@oracle.com

Oracle's National Security Group serves as a trusted partner to the members of the U.S. Intelligence Community by providing them with innovative technology solutions that will assist the U.S. to produce the world's most comprehensive and responsive intelligence.

Osterhout Design Group

Table #33
153 Townsend Street
Suite 570
San Francisco, CA 94107
Bobby King

Suite 500
Mountain View, CA 94041
Elizabeth Quade
650-318-3535
elizabeth.quade@purestorage.com

Backed by In-Q-Tel, Pure Storage delivers all flash enterprise storage for less than the cost of spinning disk. Data reduction, performance, and simplicity guaranteed.

Qbase, LLC

Table #21

12018 Sunrise Valley Drive
Reston, VA 20191
Geof Milstein
703-389-6288
gmilstein@4qbase.com

Qbase, LLC is a worldwide provider of innovative decision support technologies and information technology professional services that support the mission-critical operations of our clients. With its MetaCarta line of products, Qbase delivers an industry-leading geo-technology platform that combines geosearch and geotagging capabilities to enable data and unstructured content to be "location-aware" and geographically relevant.

Quantum Corporation

Table #138

1650 Technology Drive
Suite 700
San Jose, CA 95110
Sean Burke
303-932-6550
sean.burke@quantum.com

Quantum, a proven global expert in data protection and big data management, helps customers be certain of maximizing their data's value by protecting and preserving it over its lifecycle.

Radware, Inc.

Table #94

575 Corporate Drive
Mahwah, NJ 07430
Howard Teicher
201-746-8334
howardt@radware.com

Radware is a global leader of application delivery and application security solutions for virtual and cloud data centers. Its award-winning solutions portfolio delivers full resilience for business-critical applications, maximum IT efficiency, and complete business agility.

Rally Software

Table #82

3333 Walnut Street
Boulder, CO 80301
Keith Nicholson
866-348-1552
knicholson@rallydev.com

Secure. Traceable. Scalable. Rally Software is the leading Agile provider to the Federal Government with CMMI support, GSA IT Schedule 70, and NASA SEWP IV.

Raritan

Table #118

400 Cottontail Lane
Somerset, NJ 08873
Dana Pruitt
410-474-6710
dana.pruitt@raritan.com

Raritan is a proven innovator of power management, DCIM software, KVM, and serial solutions for data centers of all sizes.

Raytheon Cyber Products

Table #5

12950 Worldgate Drive
Suite 600
Herndon, VA 20170
Denise Mach

Symantec Corporation

Table #107 (Tuesday)

20330 Stevens Creek Boulevard
Cupertino, CA 95014
Caitlin Hoebeke
408-517-8000
caitlin.hoebeke@dlt.com

Symantec Corporation, a DLT Solutions partner, secures and manages your agency's most valuable information against risk with backup and recovery, archiving and eDiscovery, endpoint management and virtualization, and data security.

Tableau Software

Table #116

837 North 34th Street
Suite 200
Seattle, WA 98103
Juan Johnson
206-633-3400 Ext. 587
jjohnson@tableausoftware.com

Tableau Software will display Tableau Desktop and Tableau Server, an intuitive drag-and-drop tool that let's you see and understand your data.

Telos

Table #104

19886 Ashburn Road
Ashburn, VA 20147
Stephen Kensinger
571-331-1040
stephen.kensinger@telos.com

Telos offers solutions that assure the security of enterprise information and deliver that information to users when and where they need it.

Textron Systems, Inc.

Table #103

5301 Southwest Parkway
Austin, TX 78735
Christian Blanding
512-358-2717
cblanding@textronsystems.com

Our custom intelligence solutions span small unit deployments through large enterprise cloud systems and are used globally in support of military operations, counter-terrorism, law enforcement, and environmental assessment. Leveraging the latest commercial technologies, our solutions architects and software engineers will design and field tailored solutions to meet your unique operating environment.

Thinklogical

Table #78

100 Washington Street
Milford, CT 06460
Keith Johnson
240-428-1663
keithj@thinklogical.com

Thinklogical manufactures secure fiber-optic KVM, video, audio, and peripheral signal extension and switching solutions for C4ISR, command and control, and visualization and training. Thinklogical products enable multi-domain isolation in secure visual computing environments and are accredited to Common Criteria EAL4, NATO NIAPC, and TEMPEST Level B.

ThunderCat Technology, LLC

Table #8 (Tuesday)

1775 Wiehle Avenue
Suite 104
Reston, VA 20190
Dave McCloy
703-599-7702
dmccloy@thundercattech.com

ThunderCat Technology is a Service-Disabled Veteran-Owned Small Business and systems integrator that brings an innovative approach to solving customer problems in and around the datacenter by providing strategies for Data Storage, Networking, Security, and Applications. Clients include all members of the Intelligence Community, DFAS, FBI, Navy, Army, and the VA.

Triad Technology Partners

Table #139

7910 Woodmont Avenue
Suite 220
Bethesda, MD 20814
Jennifer Stevenson
757-630-6369
jennifer.stevenson@triadtechpartners.com

Triad Technology Partners help technology manufacturers succeed in the Federal Government marketplace. They bring innovative technology to their Federal Government customers and help solve their critical business challenges. They reduce complexity and make Information Technology procurement efficient and cost-effective. They have many years of enterprise software expertise. Whether you are a Federal agency concerned about software consolidation, or a software company attempting to enter the Federal market, they have a thorough understanding of the government procurement process.

tw telecom, Inc.

Table #73

10475 Park Meadows Drive
Littleton, CO 80124
Chris Green
303-566-1000
chris.green@twtelecom.com

tw telecom, Inc., the leading CLEC ethernet provider, offers intelligent telecommunications services providing agencies with real-time visibility of network performance and enabling bandwidth-on-demand capabilities. Bandwidth-on-demand can drive cost efficiencies by keeping standard BW cost low but enabling agencies to independently make quick (15sec) on-the-fly bandwidth adjustments during high demand events.

Tygart Technology, Inc.

Table #133

1543 Fairmont Avenue
Fairmont, WV 26554
Laura Marple
304-363-6855
lmarple@tygart.com

Tygart Technology, Inc. is a leading provider of enterprise-grade video and photographic analysis and biometric recognition systems. Tygart provides innovative software solutions that manage and automate processing of massive volumes of digital media collections. Tygart's solution, MXSERVER, saves analysts valuable time and resources, with faster responses for a lower cost.

Unisys

Table #106 (Wednesday)

11720 Plaza America Drive
Reston, VA 20190
Ted Cummings
703-286-9398
ted.cummings@unisys.com

Unisys designs, delivers, and manages mission critical IT hardware, software, and services for market-leading organizations and government worldwide. For more information, visit www.unisys.com/federal.

VBrick Systems, Inc.

Table #124

12 Beaumont Road
Wallingford, CT 06492
Henry Kisiel
203-265-0044
hankk@vbrick.com

VBrick is a leading provider of enterprise video platforms with thousands of customers worldwide. Its solutions enable organizations to create, manage, and distribute rich media information from virtually any source from tablets, unified communications clients, or cameras to virtually any screen from desktop to digital signage. Customers use VBrick for automated, integrated live and on-demand video in executive webcasts, online training, distance learning, communications, and marketing.

Veeam Software

Table #85

8800 Lyra Drive
Suite 350
Columbus, OH 43240
George Altevogt
703-362-3002
george.altevogt@veeam.com

Veeam Software develops innovative solutions for VMware and Hyper-V. Veeam Backup and Replication is the number one VM Backup solution. Veeam ONE is a single solution for real-time monitoring, resource optimization, and management reporting. Veeam Management Pack and Smart Plug-in extend monitoring to VMware through Microsoft System Center and HP Operations Manager.

ViaSat, Inc.

Table #95

6155 El Camino Real
Carlsbad, CA 92009
Anthony Ellison
410-689-6202
tony.ellison@viasat.com

ViaSat enables fast, secure, and efficient communications to any location. Accredited information assurance; real-time cybersecurity management; secure communications on COTS smartphones; rapidly-deployable broadband satcom: fixed/mobile. For more information, visit www.viasat.com.

Video Dynamics, Inc.
