QTS Federal Data Centers

Compliantly built from the ground up to the highest federal security standards

QTS Data Centers (NYSE: QTS) is a leading owner and provider of data center solutions across a footprint spanning more than 7 million square feet. We are a US-owned and operated, public REIT committed to providing our customers security, speed, scale, innovation, and partnership.

STREAMLINED IC/DOD ACCREDITATION

Our internal accreditation experts work with your team to streamline the accreditation approval process, saving time and increasing project efficiency as well as improving accreditation assurances.

SPEED TO MISSION EXPERIENCE

Our purpose-built facilities offer best in class deployment speeds without having to retrofit. Our disciplined processes allow us to deliver large-scale custom space in 120 days or less.

FEDERAL OPERATIONAL COMMITMENT

Secure facilities and land banks for new builds in all 3 major U.S. electric grids to ensure mission resiliency. Advanced federally-focused designs provide the most secure, compliant solutions.

COMMITMENT TO ENVIRONMENTAL SUSTAINABILITY

Procure 100% renewable energy sources by 2025.

Conserve at least 15 million gallons of water per year.

Recycle 90% of our operational waste by 2025.
